Venerdì 26 giugno: raduno a S. Ilario

Camminata Casale-Crea sui passi della Sindone con il supporto del CAI

►► CASALE MONFERRATO

Partendo dai percorsi sulla Sindone che la Consulta Ecclesiastica del Piemonte e della Valle d'Aosta intende promuovere all'interno del progetto "Città e Cattedrali", il quadrante sud-est - di cui la Diocesi di Casale fa parte insieme a quelle di Acqui, Alessandria, Asti e Tortona - ha organizzato una camminata "sui passi della Sindone da Casale a Crea". Il ritrovo è alla chiesa di Sant'Ilario, luogo simbolo della Diocesi per questo progetto, in quanto in essa si conserva "la copia della Sindone" qui esposta dalla settimana santa. L'arrivo è al Santuario di Crea che con alcune cappelle del suo Sacro Monte ci racconta l'itinerario della passione dell'uomo del sacro telo.

Il pellegrinaggio si svolgerà, grazie al contributo del CAI - Sezione di Casale, su parte del tracciato che un tempo i nostri nonni percorrevano annualmente per richiedere e ringraziare la Madonna di Crea della sua protezione.

L'iniziativa si svolgerà venerdì 26 giugno con ritrovo alle 5,45 nella chiesa di S. Ilario, seguirà la celebrazione della messa al santuario di Crea alle ore 12,30. La giornata si concluderà con il classico pranzo al sacco nella frescura del santuario. Iscrizione obbligatoria e gratuita entro il 24 giugno chiamando il numero 0142/452219 dal martedì al venerdì dalle 9 alle 12 e dalle 15 alle 17.

I beni architettonici coinvolti in questo percorso sono inseriti nel portale www.cittaecattedrali.it.

RENZI VISITA SINDONE, GRAZIE VOLONTARI

(ANSA) - TORINO, 23 GIU - Visita alla Sindone per Matteo Renzi. Una "bella sorpresa" alla vigilia della chiusura dell'ostensione per l'arcivescovo di Torino, monsignor Cesare Nosiglia, che lo ha accompagnato nel Duomo di Torino con il sindaco Piero Fassino. "Siete stati fantastici, avete fatto un grande lavoro", ha detto Renzi ai volontari dell'ostensione uscendo dalla cattedrale di San Giovanni, dove il premier si è anche concesso ai selfie dei pellegrini presenti.

PAPA FRANCESCO - 'NIPOTE DELLA TERRA PIEMONTESE'

Nipote della terra piemontese; così ha amato definirsi il Papa nel suo viaggio di due giorni a Torino, lo scorso 21 e 22 giugno. Un viaggio nella proprie radici, in occasione della Sindone e del bicentenario della nascita di don Bosco. Nell' mattinata di domenica 21 giugno Francesco, accolto dall'arcivescovo mons. Cesarea Nosiglia, dal sindaco Piero Fassino e delle altre autorità locali si è recato a venerare il sacro Lenzuolo in Cattedrale, come ha ricordato all'Angelus, parlando della Sindone come dell'icona dell'amore di Dio per gli uomini: "la Sindone attira verso il volto e il corpo martoriato di Gesù e, nello stesso tempo, spinge verso il volto di ogni persona sofferente e ingiustamente perseguitata. Ci spinge nella stessa direzione del dono di amore di Gesù".

A ciò ha fatto riferimento celebrando la S. Messa in piazza Vittorio, contemplando l'amore di Dio verso di noi che è fedele, ricrea tutto; è un "amore stabile e sicuro", perché "Gesù ci ama sempre, sino alla fine, senza limiti e senza misura". Il suo amore è fedele, "non delude, non viene mai meno. Gesù incarna questo amore, ne è il Testimone. Lui non si stanca mai di volerci bene, di sopportarci, di perdonarci, e così ci accompagna nel cammino della vita", perché Gesù "ci ama tutti", non si arrende nemmeno davanti alla nostra infedeltà. "Gesù rimane fedele, anche quando abbiamo sbagliato, e ci aspetta per perdonarci: Lui è il volto del Padre misericordioso. Ecco l'amore fedele". Ma per aprirsi al suo amore rigenerante, l'uomo deve riconoscere i propri limiti: "riconoscere i propri limiti, le proprie debolezze, è la porta che apre al perdono di Gesù, al suo amore che può rinnovarci nel profondo, che può ricrearci. La salvezza può entrare nel cuore quando noi ci apriamo alla verità e riconosciamo i nostri sbagli, i nostri peccati; allora facciamo esperienza, quella bella esperienza di Colui che è venuto non per i sani, ma per i malati, non per i giusti, ma per peccatori". Se ci sappiamo "spogliare delle vesti logore e vecchie dei rancori e delle inimicizie per indossare la tunica pulita della mansuetudine, della benevolenza, del servizio agli altri, della pace del cuore, propria dei figli di Dio" sarà segno che siamo diventati nuovi. "Lo spirito del mondo è sempre alla ricerca di novità, ma soltanto la fedeltà di Gesù è capace della vera novità, di farci uomini nuovi". Citando poi il poeta Nino Costa, il Papa ha ricordato come il popolo piemontese abbia radici solide: "gente che non risparmia tempo e sudore - razza nostrana libera e testarda. - Tutto il mondo conosce chi sono e, quando passano... tutto il mondo li guarda". Ha invitato poi a restare saldi su questa roccia, che è l'amore di Dio, a non "lasciarci paralizzare dalle paure del futuro", ma a guardare ai quei Santi e Beati piemontesi "che hanno accolto l'amore di Dio e lo hanno diffuso nel mondo, santi liberi e testardi. Sulle orme di questi testimoni, anche noi possiamo vivere la gioia del Vangelo praticando la misericordia; possiamo condividere le difficoltà di tanta gente, delle famiglie, specialmente quelle più fragili e segnate dalla crisi economica".

La visita del Pontefice era iniziata con un incontro con il mondo del lavoro in piazzetta reale. Dopo i saluti di un'operaia, di un agricoltore e di un imprenditore, il Pontefice ha detto con forza: "No a un'economia dello scarto, no all'idolatria del denaro, alla corruzione, all'iniquità che genera violenza", si ad un patto sociale e generazionale per un lavoro a misura dell'uomo. "Il lavoro non è necessario solo per l'economia, ma per la persona umana, per la sua dignità, per la sua cittadinanza e anche per l'inclusione sociale"; pensando alle diseguaglianze sociali, ha aggiunto: "l'immigrazione aumenta la competizione, ma i migranti non vanno colpevolizzati, perché essi sono vittime dell'iniquità, di questa economia che scarta e delle guerre. Fa piangere vedere lo spettacolo di questi giorni, in cui esseri umani vengono trattati come merce". Citando la Costituzione italiana, ha ricordato come il lavoro sia fondamentale e, parlando delle donne ha affermato: "i loro diritti vanno tutelati con forza, perché le donne, che pure portano il
